## Retailer Comments

Don't miss this great Jaguar! It delivers style and power in a single package! A turbocharger is also included as an economical means of increasing performance. Jaguar prioritized practicality, efficiency, and style by including: power front seats, automatic temperature control, and seat memory. Under the hood you'll find a 4 cylinder engine with more than 200 horsepower, and for added security, dynamic Stability Control supplements the drivetrain. We pride ourselves in consistently exceeding our customer's expectations. Stop by our dealership or give us a call for more information.
